

Pete Lucero is a Path Certified riding instructor and Eagala Certified Equine Specialist and also the Barn Manager for 7 Star Therapeutic Riding Center. Pete started as a volunteer for 7 Star and worked himself up to Equine Specialist and then Path Instructor and Barn Manager. He has a long history of riding and training horses. When he started helping at 7 Star, his passion for horses and helping people with disabilities made him realize he finally found his calling in life. Pete also works part time in his shop restoring classic cars so he says he works with two kinds of horsepower - cars and horses.
